

QUALITY PACKAGED CONCRETE PRODUCTS NATIONWIDE

**Description:**

**PAKMIX® Cement Patch** is an excellent adhesive for stone or brick veneers. Creative Colors for cement, concrete, Directions: **PAKMIX® Cement Patch** is non-flammable, non-toxic acrylic sealant specially developed for interior and exterior pointing of stone, brick, tile, marble and concrete. It is excellent for quick, easy repair of cracks in sidewalks, driveways, retaining walls, chimneys, steps and swimming pools. If used under water line, patch must be sealed. **PAKMIX® Cement Patch** is quick drying and will not shrink. It forms strong, water-tight joints on any masonry surface. Cut tip on slant to size surface that has been cleaned of all loose particles of mortar and paint. **PAKMIX® Cement Patch** is for dry surface use only. Store and apply in above freezing temperatures. CLEAN-UP: Clean hands and tools with hot soapy water.

**Suggested Uses:**

- ▶ Crack Repair: Driveways, Sidewalks, Foundations, Retaining Walls, Swimming Pools.
- ▶ Mortar Joint Repair.
- ▶ Setting Stone
